#### Fearful Mortality from Cancer

In the United States there are over 80,000 deaths annually from cancer. Something should be done to stop this dreadful state of affairs. Ordinary methods seem to fail. Most physicians advocate the knife, or "let alone" policy, and patients continue to die. There is no need of this. If used in time, the Combination Oil Cure will cure 95 per cent. of cases. It is a compound of essential Oils, discovered by L. T. Leach, M. D., Dept. 701, Indianapolis, Ind., and has been used successfully in cases of cancer of the lip, tongue, nose, eye, breast, rectum, womb, and in fact every situation of the body. It is the mildest and most humane treatment ever compounded, and may be used with success in the patient's own home.

LIBERTY ST. CHAPEL, SPRINGFIELD

In connection with Trinity Church, Springfield, which has well won the title of "Mother of Churches," a new chapel on Liberty Street, which cost over \$3,000, was recently dedicated, known as the Liberty Street Mission. This work was begun in 1901 by the women of the W.C.T.U. In 1902 the church was invited to take up the work, and after careful consideration the invitation was accepted. In 1904 steps were taken for the building of a chapel. The

amount necessary was soon raised, and on July 20 the cornerstone was laid, the dedication taking place Nov. 19, the pastor of Trinity Church, Rev. E. M. Antrim, officiating. Thus was laid the foundation of what will probably be a strong church in coming years. The chapel has a memorial window donated by Mr. D. P. Ludington and Mr. H. A. Moses in memory of the lamented Bradley D. Rising, who at one time dreamed of a church at this point, and whose vision is now realized.

### Wesley Brotherhood Dedication

The Book Concern, 150 Fifth Ave., New York, is a hive of Methodist interests. Missionary, Sunday-school, Tract, City Church Extension, National Evangelization, Woman's Home Missions, Woman's Foreign Missions, the *Christian Advocate*, the Young People's Department of Missions, the Station Plan, etc. All of these and several other organizations have their special locations or headquarters in the great Methodist Building. The Wesley Brotherhood came into this goodly fellowship in its own headquarters on Dec. 11, in Room 607, with a service of dedication which was of great interest. An equal and large number of ministers and laymen were present and all participating. Liberal financial contributions were made. Several laymen and ministers spoke *en amare*, the main address being given by Dr. F. Mason North, secretary of the City Church Extension Society.

### A CURE GIVEN BY ONE WHO HAD IT

In the Spring of 1892 I was attacked by muscular and inflammatory rheumatism. I suffered as those who have it know, for over three years, and tried almost everything. Finally I found a remedy that cured me completely and it

has not returned. I have given it to a number who were terribly afflicted, and it effected a cure in every case. Anyone desiring to give this precious remedy a trial, I will send it free.

from the printer's hands, ready to be filled out for chapters applying. Ten thousand new circulars explaining the *what* and the *why* of the Wesley Brotherhood await the call for information from all parts of the great Methodist Church. Rev. William D. Bridge, newly elected assistant corresponding secretary, will gladly send to all applicants copies of the literature needed for organization of Brotherhoods, whose sole purpose is to aid men's work for men. No need of Methodism is greater than this today.

### Alpha Chapter

The attendance at the monthly meeting, Dec. 18, was large and enthusiastic. After the ample lunch, provided at moderate price by the proprietor of the "Otis," the president, Rev. C. H. Stackpole, introduced Rev. W. A. Wood ('90), who read "The Outlook." It was a fairly brief but sound and racy paper, touching critically in its survey the recent exclusion of the Unitarians, the noted address of Prof. Rendell Harris at Chicago, and the late episcopal decision in the case of Professor Mitchell, concluding in weighty and brilliant sentences, with the author's views of liberty of teaching and the true nature of the Scriptures. Prof. H. C. Sheldon then read a paper on, "What if the Bible Reaches Back into an Essentially Prehistoric Age?" This was an exhaustive consideration of the topic implied in the question, and, presented in Professor Sheldon's well-known clear and judicial style, did not fail to produce a deep impression on all who heard it. A general feeling prevailed that a paper so illuminating and pertinent ought not to escape publication for the benefit of a wider circle of hearers. The next meeting will occur on Jan. 8, and the promised speaker is Dean Hodges, of the Episcopal Divinity School.
